ABSTRACT

A study was conducted in Tumkur District Hospital of Karnataka state to evaluate the Management and Regulatory Capacity to how Resources like men, money, materials are used effectively to achieve goals / objectives. A sample of 100 respondents was selected randomly from Specialists, Ministerial Staff, Staff Nurse, technical / supporting staff and group D staff of 20 each. 87 per cent of staff expressed the good availability of funds (money) and 13 per cent not knowing the fund availability. There is a vacancy of 118 posts (35.65 %) against the 331 sanctioned post and 66 equipments (13 %) out of 508 were not working as a result patients treated reduced to 328 in 2013-14 with a total of 251118 patients against the total patients treated in 2012-13 were 250790.
