**ABSTRACT :** *Aloe vera* is an important and traditional medicinal plant belonging to the family Liliaceae. Results of opinion survey revealed that the major constraints were lack of technical advice for *Aloe vera* cultivation, scarcity of packing material, lack of processing unit, high cost of improved variety suckers, low prices of *Aloe vera* crop and less interest of local leaders for *Aloe vera* cultivation.

**KEY WORDS:** *Aloe vera*, Liliaceae, Constraints, Lack of technical advice (**JEL codes:** A1, A14, A12, A11, A10, B40, B41)
